EXECUTIVE SUMMARY

What this portal does

DSR Fortune Prime is a web-based facility management platform covering 10 operational modules. It runs entirely in the browser — no software installation required. The portal is live and ready for your team to use today.

Live on the internet

Accessible at dsr-fortune-prime.vercel.app from any browser. No VPN or special software needed.

Login works

Two demo accounts ready — Facility Manager and Super Admin. Credentials inside this document.

10 modules operational

Dashboard, Daily Updates, Attendance, Assets, Facility Config, Alerts, Reports, AI Agent, User Management, Biometric.

Database connected

Production PostgreSQL database on Neon with 40+ tables, seeded with demo data for all modules.

Smart alerts

Auto-generated alerts from real facility data — attendance, asset audits, water quality, expiring contracts.

Full audit trail

Every user action — login, create, edit, delete, role change — is recorded with timestamp and IP.

Bottom line: the portal is fully functional with working login, profile management, data entry, alerts, reports, and user administration. Every module loads, every API responds, verified by 34 automated tests.

Try it yourself — 2 demo accounts

The portal is live and accepting logins right now. Each role below has its own demo account.

Web address (share with your team)

`https://dsr-fortune-prime.vercel.app`

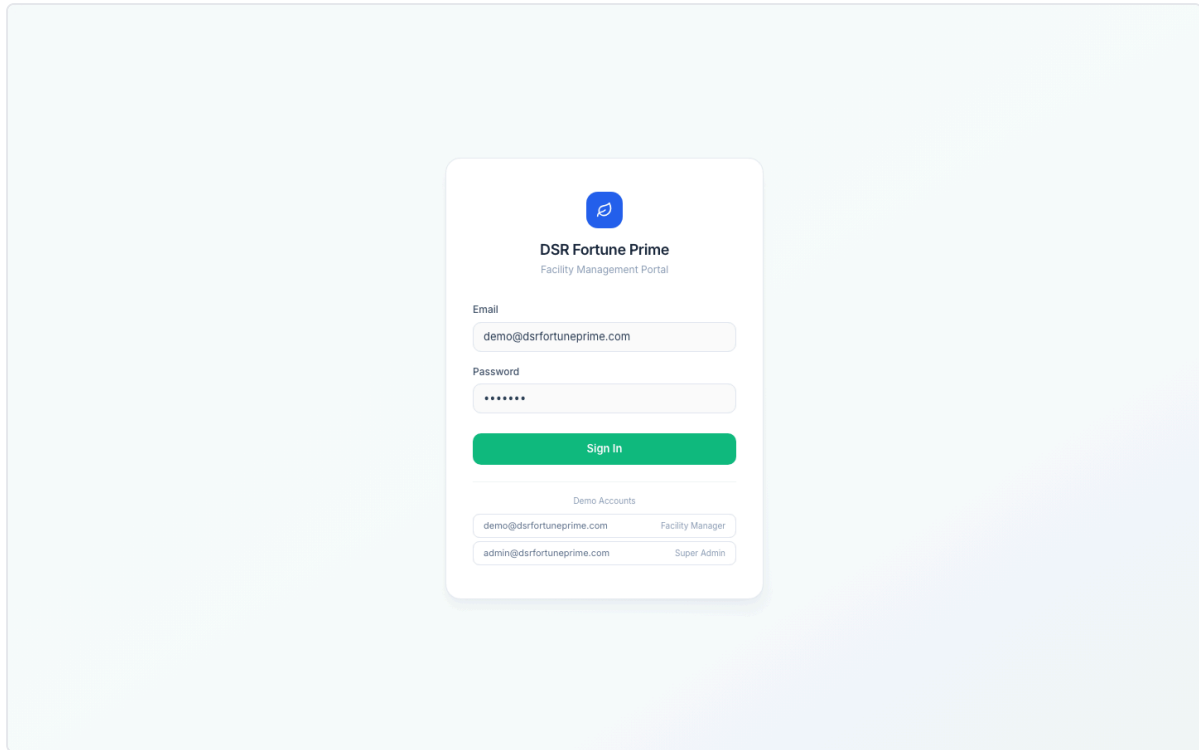

Demo accounts

ROLE	EMAIL	PASSWORD
Facility Manager	demo@dsrfortuneprime.com	demo123
Super Admin	admin@dsrfortuneprime.com	admin123

Note for reviewers: this is a demo environment with sample data. The login page has quick-fill buttons — click any demo account to auto-fill credentials, then click Sign In.

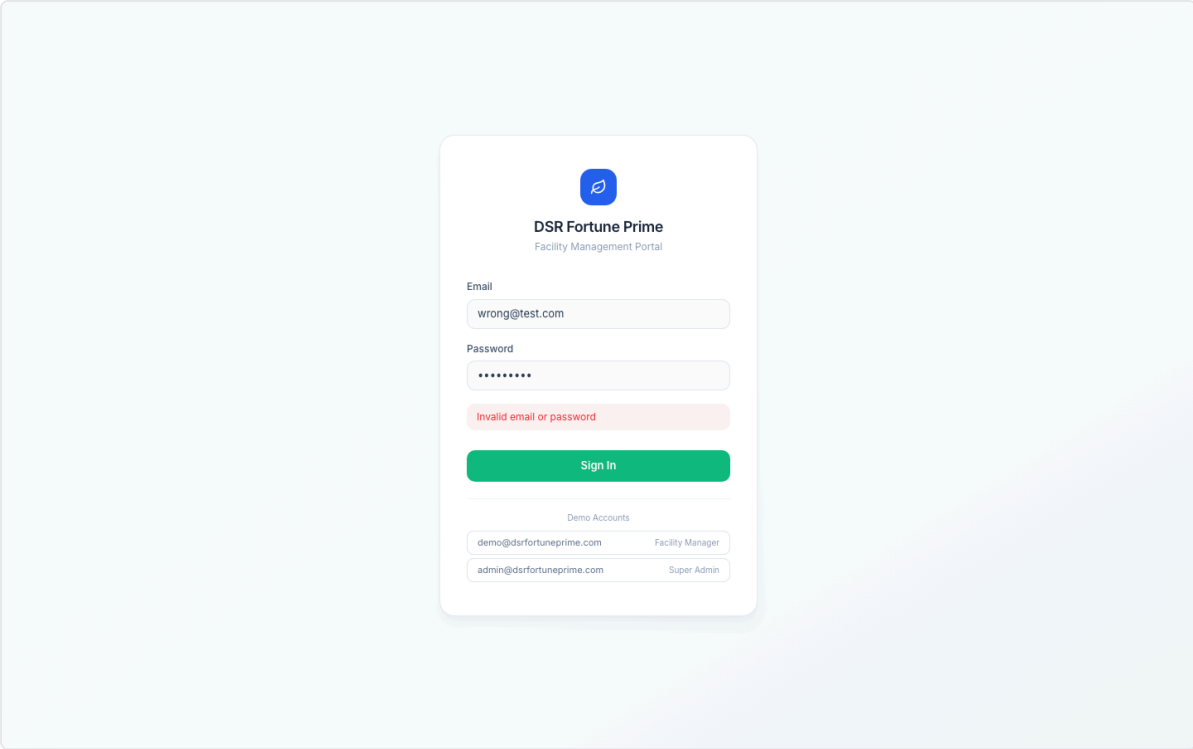

Login & Authentication

The login page validates credentials before granting access. Wrong email or password shows an error — the form stays until valid credentials are entered.

Login page with email/password fields and demo account quick-fill buttons at the bottom.

- 1 Open **<https://dsr-fortune-prime.vercel.app>** in your browser.
- 2 Enter your **Email** and **Password** (or click a demo account to auto-fill).
- 3 Click the green **"Sign In"** button.
- 4 On success, you are redirected to the **Dashboard**.

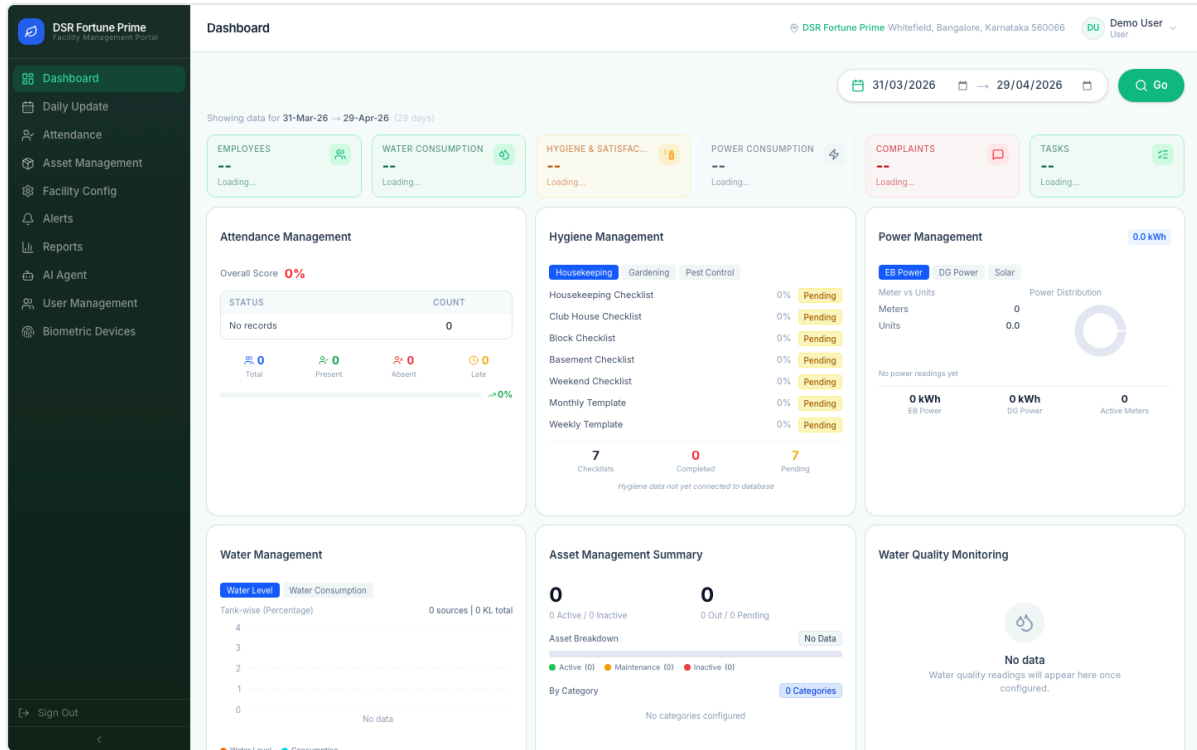

Error state — "Invalid email or password" displayed for incorrect credentials.

DASHBOARD

Your command center

After login, you land on the Dashboard — a real-time overview across 9 management widgets, 6 KPI summary cards, and a configurable date range picker.

Dashboard showing KPI cards, date range picker, and 9 management widgets: Attendance, Hygiene, Power, Water, Assets, Complaints, Tasks, Vendor Tickets.

KPI Summary Cards

Six cards: Employees, Water Consumption, Hygiene, Power, Complaints, Tasks — each showing the headline metric.

Date Range Picker

Select start/end date and click "Go" to filter all dashboard data. Default: last 30 days.

Attendance Widget

Overall score, present/absent/late counts, status breakdown table.

Power Management

EB/DG/Solar breakdown with meter-wise consumption and distribution donut chart.

Water Management

Tank levels (percentage bars) and daily consumption tracking.

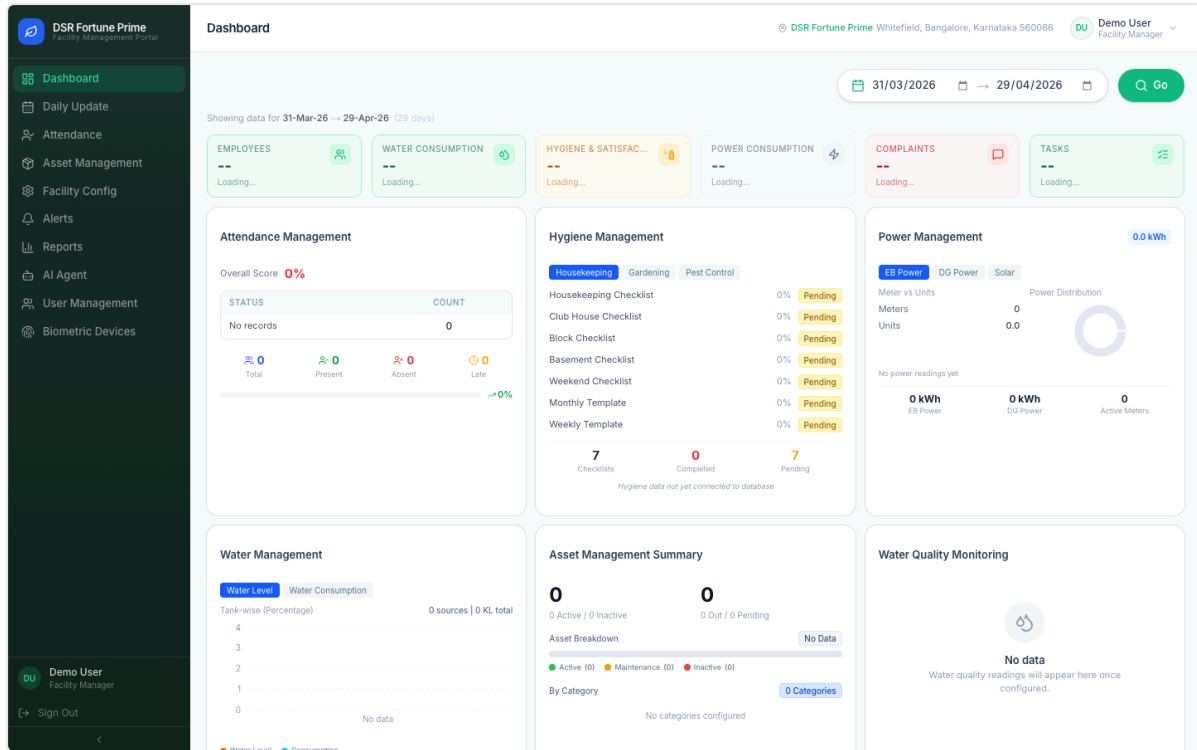

Complaint & Task Widgets

Open/In Progress/Resolved counts, resolution rates, Eisenhower matrix task classification.

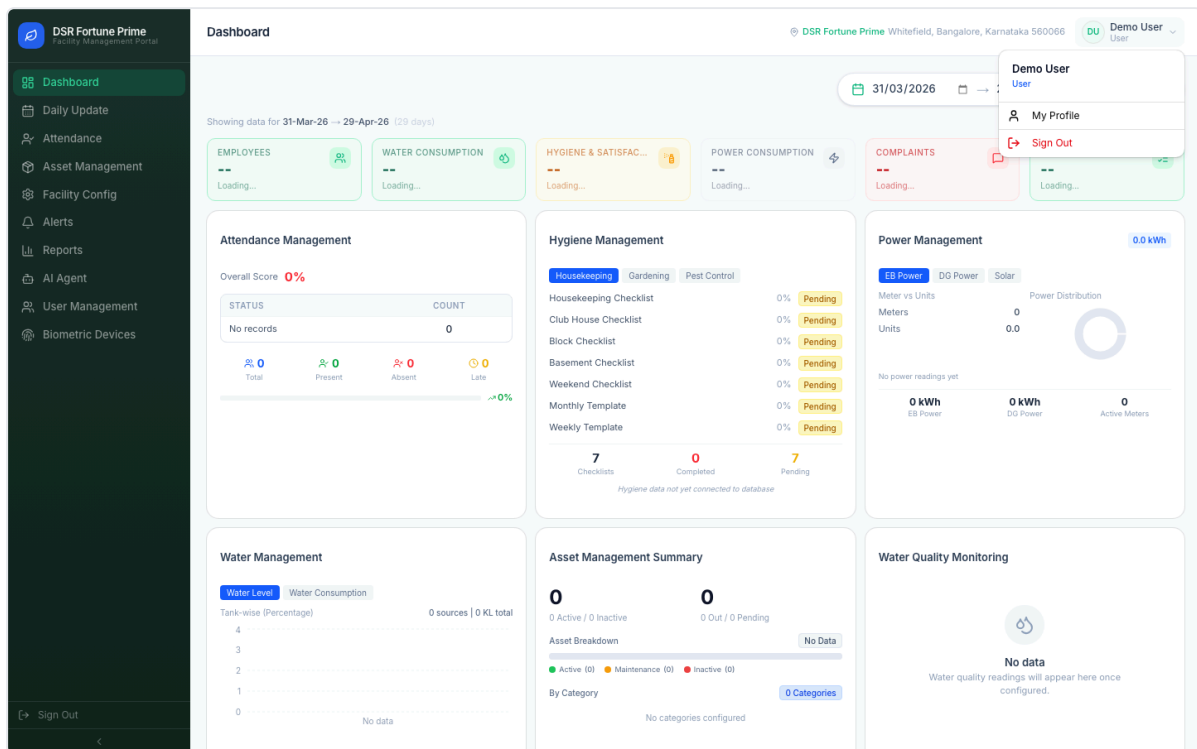

NAVIGATION

Sidebar & profile

The dark green sidebar provides navigation to all 10 modules. Your user profile and Sign Out button are at the bottom. Click your name in the top-right for the profile dropdown.

Full sidebar with navigation links, logged-in user info (Demo User / Facility Manager), and Sign Out.

Profile dropdown — user name, email, role, My Profile link, and Sign Out.

Personal information & settings

The profile page shows your account details: editable Personal Information, Change Password, and read-only Facility Information.

The screenshot displays the 'My Profile' page of the DSR Fortune Prime Facility Management Portal. The page is divided into three main sections: Personal Information, Change Password, and Facility Information. The user is 'Demo User', a Facility Manager, with email 'demo@dsrfortuneprime.com' and phone number '+91 XXXXX XXXXX'. The role is 'Facility Manager'. The 'Change Password' section has fields for Current Password, New Password, and Confirm New Password, with an 'Update Password' button. The 'Facility Information' section shows details for DSR Fortune Prime, Residential, Bangalore, with client 'DSR Infrastructure Pvt Ltd'. A 'Save Changes' button is at the bottom of the Personal Information section. A 'Sign Out' button is in the top right corner of the profile header.

Personal Information	
Display Name	Demo User
Email Address	demo@dsrfortuneprime.com
Phone Number	+91 XXXXX XXXXX
Role	Facility Manager
Save Changes	

Change Password	
Current Password	
New Password	
Confirm New Password	
Update Password	

Facility Information	
Facility	DSR Fortune Prime
Type	Residential
City	Bangalore
Client	DSR Infrastructure Pvt Ltd

My Profile — edit display name, email, phone; change password; view facility details (DSR Fortune Prime, Residential, Bangalore).

- **Personal Information** — Edit display name, email, phone. Role is read-only. Click "Save Changes" to update.
- **Change Password** — Enter current password, new password (min 6 chars), confirm. Click "Update Password".
- **Facility Information** — Read-only: facility name, type, city, client.
- **Sign Out** — Available from profile header, sidebar, or profile dropdown (3 locations).

ALL 10 MODULES

Every screen mapped

Below is a walkthrough of each module with screenshots captured from the live production portal via automated browser testing.

1. Daily Updates

Primary data entry for facility staff. 8 tabs: Update (power/water readings), Hygiene, Power, Water, Complaints, Tasks, Projects, Vendor tickets. Enter current meter readings and click "Save Power" or "Save Water".
